

Fourth message of the Pleiadians on the current situation [with affirmation for cosmic freedom]

[received by Pavlina Klemm](#)

Dear messengers of the lightful cosmic information!

We greet you from the cosmic heights and from the cosmic dimensions, levels and times. The artificially created processes that are currently taking place on Planet Earth are leaving disturbing traces in the hearts of many people.

News, published by the media, confuses the mind and disturbs the natural actions and thoughts of many people waiting for their personal freedom.

Thereby, personal freedom and its frequencies reach every particle of your existence. Now. In this moment.

Humanity has been waiting for this time for a long time. Mankind has long waited for the release from the clutches of the dark forces.

That liberation is happening right now and it could be said that it is happening on all levels of the human community.

Even though it is not yet visible to many people, it is happening on all levels of your planet Earth's existence.

Your planet has been abused on its surface and within and has suffered great injury, both physical and emotional. Your planet has suffered the emotions of human suffering beings. It has had to bear the emotions of beings who hurt human beings.

Now the truth, along with the freedom of each individual, is making its way into various parts of the overall existence of humanity here on this planet... *and the hidden reaches the surface.*

You, who are conscious and pure of heart, surely understand our words.

You who are conscious and pure of heart - help the planet Earth and its soul Gaia energetically. Also energetically help the soul of humanity that has been waiting with you for this liberation.

The soul of humanity has been waiting for this liberation and for the energetic exit from the present reality!

Now the necessary frequencies are reaching us and each of you can help! Each of you can help the Earth and all who are involved in the liberation of the Earth with your positive power - no matter how they are doing it.

Today's message is a call to you all!

Send positive energy and power to all people and all beings of good will.

Thereby support each other energetically!

This year's Easter holidays bring an enormous increase of the cosmic Christ energy to planet earth. The elevation and manifestation of this energy runs through your hearts.

Not only planet Earth is going through this process of ascension. It is also a myriad of other planets and other peaceful civilizations that are preparing for Ascension.

For this reason too, a large number of beings of light are accompanying all peace loving civilizations, both terrestrial and non-terrestrial.

Your personal participation is a great plus for the overall situation. The Light Beings accompany you and help you, but your own help is essential. Your help is a part of your higher purpose that you have brought to this planet and for this time - that you have set out to do.

Each one of you is indispensable and every single positive thought of you, every positive emotion and every positive action contributes to the overall liberation of humanity!

Considered as a chain reaction, your liberation will also help the liberation of other peace-loving alien civilizations, which in turn will contribute to the raising of consciousness and the development of your galaxy!

It is necessary to see and understand the whole situation in a complex way. You are NOT ONLY in a liberation process of humans, but also in a liberation process of your neighboring populated planets, to which you are frequency connected. You are frequency connected to them. Your galaxy is your common home and you all influence each other.

During these Easter holidays there are great transformation processes taking place, which we have already described in the previous messages. Planet Earth is passing through a cosmic portal that transforms everything negative and artificially generated into light or another form of energy.

A vast amount of cosmic Christ Light is streaming to your hearts every second of your present existence, manifesting here on Earth thanks to your heart. Your heart carries this light within and spreads it into all the spaces and times of your existence. This light connects to other hearts and other lights of human beings. You are thus creating a layer of light and a chain reaction of light around your entire planet.

*You can support this process with a stronger connection to the frequency of cosmic freedom. **The number 21 is the cosmic key to freedom!** Cosmic freedom is the highest goal of your evolution of consciousness!*

Connect to the frequency of cosmic freedom and all its elements and qualities! Integrate the frequency of freedom into your soul and into your spirit!

Send the frequency of cosmic freedom to all people and all beings who need liberation.

Send the frequency of Cosmic Freedom to Planet Earth and to its soul Gaia so that they may receive power for the time of the next days and weeks of their evolution of consciousness. So that they will have the power to free themselves from elements that harm them.

*When working with the frequency of the Cosmic Christ Energy and Cosmic Freedom, you can use **FOLLOWING AFFIRMATION:***

"I open my heart and receive light, love and information of the Cosmic Christ Energy.

The Cosmic Christ Energy anchors itself in my heart and spreads into all spaces and times of my existence.

The Cosmic Christ Energy connects with other pure human hearts.

Now and in this space.

My soul is now connecting to the frequency of cosmic freedom and incorporating it into its matrix.

I am connecting with the intelligence of cosmic freedom through my spirit and I ask it to help all beings who need the frequency of cosmic freedom and who want to receive the frequency of cosmic freedom.

I ask the Intelligence of Cosmic Freedom to help the planet Earth and its soul Gaia.

I ask the Intelligence of Cosmic Freedom to help the soul of humanity.

Now and in this room.

My intention is pure and clear.

Love, light and freedom are spreading all over the planet and help all beings who accept my help.

Thank you, thank you, thank you."

And we, the Pleiadian beings, thank you for the manifestation of the cosmic information on this planet.

We thank you and we thank all beings who have chosen to help planet Earth and humanity in this ascension of consciousness and in the liberation from low vibrations and elements.

Thank you for your existence! Thank you for your existence on this planet Earth.

Peace with you, peace with us.

Your Pleiadian companions
